Dear Mr. Haywood,

I am writing this email in support of the proposed Copper Flat Mine. I have worked for New Mexico Copper Corporation (NMCC) since 2010, starting in 2012 I was tasked with public and government outreach. Since then, I have spent a lot of time in Sierra County and across the state talking to government officials (locally and regionally), business owners, community leaders, business and social organizations, and citizens. I have consistently done my best to maintain NMCC's goal of remaining open and transparent with the community, as well as make a truthful effort to engage, listen, understand, and address concerns residents might have. Given this practice, I believe we have developed strong ties to Sierra County and established long lasting relationships with its residents. I have attached Resolutions of Support from the City of T or C and Elephant Butte, Village of Williamsburg, and Sierra County Commission. This accounts for most, if not all, official government bodies within Sierra County.

NMCC has also collected signatures for a support petition in favor of the Copper Flat Mine. It is attached. In addition, there was an online petition (Link: <http://www.ipetitions.com/petition/copperflat>) where we managed to collect 101 signatures and 58 comments (attached).

I have also attached letters of support from other stakeholders which I will also be sending via post mail.

Regards,

**Omar El-Emawy** | **Office Manager / Analyst**
